**What's New**

- The IRS has created a page on [www.irs.gov](http://www.irs.gov) for information about Form 6765 and its instructions at [www.irs.gov/form6765](http://www.irs.gov/form6765). Information about any future developments affecting Form 6765 (such as legislation enacted after we release it) will be posted on that page.
- The credit for increasing research activities is scheduled to expire for research expenses paid or incurred after 2011. Do not include research expenses paid or incurred after 2011 on this form unless these credits are extended. If they are extended, the change will be highlighted under *Highlights of Recent Tax Changes* at [www.irs.gov/formspubs](http://www.irs.gov/formspubs) and at [www.irs.gov/form6765](http://www.irs.gov/form6765).
- If you are claiming the reduced credit under section 280C, you must use Form 6765 to clearly indicate an intent to make the election.

**Purpose of Form**

Use Form 6765 to figure and claim the credit for increasing research activities or to elect the reduced credit under section 280C.

**Who Must File**

An individual, estate, trust, organization, or corporation claiming a credit for increasing research activities, or any S corporation, partnership, estate, or trust that allocates the credit to its shareholders, partners, or beneficiaries must complete this form and attach it to its income tax return. If you are a taxpayer that is not a partnership or S corporation, and your only source of this credit is from a partnership, S corporation, estate, or trust, you are not required to complete or file this form, with the following exception: you are a taxpayer that is an estate or trust and the credit can be allocated to beneficiaries. For more details, see the Instructions for Form 1041, Schedule K-1, box 13.

**Note.** Corporations filing an amended return to claim a credit or refund of the research credit, see Notice 2008-39, IR B. 2008-13 684, available at [http://www.irs.gov/irb/2008-13\\_IRB/index.html](http://www.irs.gov/irb/2008-13_IRB/index.html) for information on where to file.

**Qualified Research**

The research credit is generally allowed for expenses paid or incurred for qualified research. *Qualified research* means research for which expenses may be treated as section 174 expenses. This research must be undertaken for discovering information that is technological in nature, and its application must be intended for use in developing a new or improved business component of the taxpayer. In addition, substantially all of the activities of the research must be elements of a process of experimentation relating to a new or improved function, performance, reliability, or quality. The research credit generally is not allowed for the following types of activities.

- Research conducted after the beginning of commercial production
- Research adapting an existing product or process to a particular customer's need
- Duplication of an existing product or process
- Surveys or studies.
- Research relating to certain internal-use computer software.
- Research conducted outside the United States, Puerto Rico, or a U.S. possession.
- Research in the social sciences, arts, or humanities
- Research funded by another person (or governmental entity).

If you incur qualified clinical testing expenses relating to drugs for certain rare diseases, you can elect to claim the orphan drug credit for these expenses instead of the research credit. See Form 8820, Orphan Drug Credit.

See section 41 and Regulations sections 1.41-2 and 1.41-4 for other definitions and special rules.

**Special Rules**

See section 41(f) and Regulations sections 1.41-6 and 1.41-7 for special rules related to:

- Aggregation of expenses for members of controlled groups and businesses under common control,
- Allocation of the credit by partnerships, estates, and trusts;
- Adjustments, if a major portion of a business is acquired or disposed of, and
- Short tax years.

For special rules concerning the allocation and apportionment of research and experimental expenses between U.S. and foreign source income, see sections 861 through 864.

**Member of Controlled Group or Business Under Common Control**

For purposes of figuring the credit, all members of a controlled group of corporations (as defined in section 41(f)(1)(A) and (f)(5)) and all members of a group of businesses under common control (as defined in section 41(f)(1)(B)), are treated as a single taxpayer. Use Section A or B to figure the credit for the entire group, but enter only your share of the credit on line 17 or line 34, whichever applies. Attach a statement showing how your share of the credit was figured, the name and employer identification number or taxpayer identification number of the other members of the group, and the designated member. Write "See Attached" next to the entry space for line 17 or line 34.

If a member of a controlled group of corporations or businesses under common control has filed its return using a method different from that of the designated member, then that member should file an amended return to conform to the designated member's method.
