*Accounting for Uncertainty in Income Taxes*

The Accounting Standards Codification requires entities to disclose in their financial statements the nature of any uncertainty in their tax position. The Organization has not recognized any benefits from uncertain tax positions in 2012 and believes it has no uncertain tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly increase or decrease within 12 months of the balance sheet date. Generally, federal, state and local authorities may examine the Organization's tax-exempt returns for three years from the date of filing, consequently, income tax returns for years prior to 2009 are no longer subject to examination by taxing authorities.
